The NCSD and its representatives shall be kept free and harmless from any claim or claims whatsoever arising from connection to NCSD's systems. Any changes which result in lower usage of the system may result in lower service charges on the property. It is the responsibility of the property owner to notify NCSD of any changes. Ratings made from submitted plans will be later field-inspected and may be adjusted the inspection. NCSD has the right to periodically inspect the property to establish the property factor rating for the property. Commercial properties are generally inspected on a biennial basis.
