E: BACKFLOW@NORTHSTARCSD.ORG

SUBJECT: WATER USE SURVEY

FROM: NORTHSTAR COMMUNITY SERVICES DISTRICT | ENGINEERING DEPARTMENT

DATE: 01/01/2026

Northstar Community Services District (NCSD) requests your assistance in recognizing potential threats to the water distribution system. If not properly protected, certain systems and equipment have the potential to create hazardous conditions within your home or business.

To help identify potential hazards, we ask that you please complete the attached water use survey. Your participation is vital in assuring your safety as well as the safety of all other water users. Identifying potential hazardous cross connections will allow NCSD to continue to provide safe and exceptional drinking water for the Northstar and Martis Valley communities.

Thank you for your time and attention.
